      - Indicator SO-4-7
- Performance Indicators
  - Operational Objective 1: Advocacy, awareness raising and education
    - Performance indicator CONS-O-1 for Outcome 1.1
    - Performance indicator CONS-O-3 for Outcome 1.3
    - Performance indicator CONS-O-4 for Outcome 1.3
  - Operational Objective 2: Policy framework
    - Performance indicator CONS-O-5 for Outcomes 2.1, 2.2 and 2.3
    - Performance indicator CONS-O-7 for Outcome 2.5
  - Operational Objective 3: Science, technology and knowledge
    - Performance indicator CONS-O-8 for Outcomes 3.1 and 3.2
    - Performance indicator CONS-O-9 for Outcome 3.1 and 3.2
    - Performance indicator CONS-O-10 for Outcome 3.3 and 3.4
    - Performance indicator CONS-O-11 for Outcome 3.5
  - Operational Objective 4: Capacity building
    - Performance indicator CONS-O-13 for Outcomes 4.1 and 4.2
  - Operational Objective 5: Financing and technology transfer
    - Performance indicator CONS-O-14 for Outcome 5.1
    - Performance indicator CONS-O-16 for Outcome 5.2
    - Performance indicator CONS-O-17 for Outcome 5.3
    - Performance indicator CONS-O-18 for Outcome 5.5
- Standard Financial Annex
  - Financial Commitment #1 — Appui à la gestion durable des ressources forestières au Gabon
  - Financial Commitment #2 — Projet de Développement Agricole et Rural (PDAR)
  - Financial Commitment #3 — Stratégie Nationale d’Adaptation du littoral gabonais face aux effets des changements climatiques
  - Financial Commitment #4 — Deuxième rapport national sur l’application du Protocole de Cartagena sur la prévention des risques biotechnologiques
  - Financial Commitment #5 — Projet de Développement et d’Investissement Agricole au Gabon (PRODIAG)
  - Financial Commitment #6 — Replication du Projet PROBO KOALA
○ Financial Commitment #7 — Application des technologies de mécanisation du riz irrigué au Gabon
○ Financial Commitment #8 — Renforcement des capacités nationales pour la mise en œuvre de SAICM au Gabon
○ Financial Commitment #9 — Projet sur l'inventaire des rejets de mercure au Gabon
○ Financial Commitment #10 — Projet d’Appui au Développement des Infrastructures Agricoles pour la Culture du Nérica (PADIACN)
○ Financial Commitment #11 — Renforcement de la Sécurité Alimentaire en Afrique Centrale
○ Financial Commitment #12 — Accord de conversion des dettes pour le développement durable des écosystèmes forestiers gabonais
○ Financial Commitment #13 — Aménagement des Petits Permis Forestier Gabonais
○ Financial Commitment #15 — Suivi, contrôle du processus d’aménagement durable
○ Financial Commitment #16 — Développement des forêts communautaires au Gabon
○ Financial Commitment #17 — Projet de conservation de la biodiversité en forêt tropicale à travers la coexistence durable entre l’homme et l’animal (PROCObHA)
○ Financial Commitment #18 — Lutte contre les pollutions
○ Financial Commitment #19 — Gestion durable des écosystèmes, maintien et restauration de la biodiversité
○ Financial Commitment #20 — Programme National de gestion urbaine partagée des déchets solides (PRONAGUP)
○ Financial Commitment #21 — Production Durable du Manioc en Afrique Centrale et Intégration au marché
- Programme and Project Sheets
  ○ Programme/Project #1 — PROJET DE DEVELOPPEMENT AGRICOLE ET RURAL
  ○ Programme/Project #2 — Stratégie Nationale d’Adaptation du littoral gabonais face aux effets des changements climatiques
  ○ Programme/Project #4 — Deuxième rapport national sur l’application du Protocole de Cartagena sur la prévention des risques biotechnologiques
  ○ Programme/Project #5 — Appui à la gestion des ressources forestières au Gabon
  ○ Programme/Project #6 — Projet de Développement et d’Investissement Agricole au Gabon (PRODIAG)
  ○ Programme/Project #7 — Replication du projet PROBO KOALA
  ○ Programme/Project #8 — Renforcement des capacités nationales pour la mise en œuvre de SAICM au Gabon
  ○ Programme/Project #9 — Projet d’inventaire de rejet de mercure au Gabon
  ○ Programme/Project #10 — Application des technologies de mécanisation du riz irrigué au Gabon
  ○ Programme/Project #11 — Projet d’Appui au Développement des Infrastructures Agricoles pour la Culture du Nérica (PADIACN)
  ○ Programme/Project #12 — Renforcement de la Sécurité Alimentaire en Afrique Centrale

Affected Country Parties

Impact indicators

Strategic Objectives 1, 2 and 3

Following decision 17/COP.9, affected country Parties are requested to report on two mandatory impact indicators (i.e.: proportion of population living below the poverty line and land cover status), through the associated metrics identified during the iterative process for the refinement of the set of impact indicators (i.e.: poverty rate, land cover and land productivity).

Affected country Parties might also decide to report on the remaining nine impact indicators provisionally accepted by the COP (see decision 17/COP.9) but considered optional for inclusion in reports.

Alternative indicators considered more suitable than the provisionally accepted indicators may also be reported on. The condition for reporting on alternative indicators is that these fit into the underlying logic of measuring progress against strategic objectives 1, 2 and 3 of the Strategy.

Reporting is guided by means of templates, one for each of the two mandatory indicators, plus one generic reporting template for the remaining nine impact indicators and alternative indicators. Detailed reporting guidelines are available for the two mandatory impact indicators.

General information on impact indicators on strategic objectives 1, 2 and 3

Definition of affected areas

Does your National Action Programme (NAP) identify areas of the country which are affected by Desertification, Land Degradation and Drought (DLDD)?

Yes

If no, does any other national planning document identify areas of the country which are affected by DLDD?

No answer required.

Please specify the national document that identifies areas affected by DLDD in your country.

No answer required.

Please specify which areas of the country are considered as affected by DLDD (e.g. name of relevant provinces, states and districts):

Estuaire, Haut Ogooué, Ngounie, Nyanga,

Please specify the estimated total number of square kilometres of the national territory occupied by areas affected by DLDD:

No answer provided.

Please specify the percentage of the national land area occupied by areas affected by DLDD:

No answer provided.

Please specify the definition used to identify areas affected by DLDD in your country:

No answer provided.

Please specify what methods were used to identify areas affected by DLDD in your country:

- Niveau de rendement en baisse et éloignement des populations rurales pour les cultures vivrières ;
- Usage de l’imagerie satellitaire pour vérifier les trouées dans la forêt;
- Monographies des services agricoles;

If available, please provide the geographic datasets which show the areas affected by DLDD.

Ideally, the data should be provided as a shapefile or raster (Geotiff) format with geographic coordinates on the WGS84 datum (The file should have a maximum size of 25MB). If the raw data are not available please provide a map showing the extent of areas affected by DLDD. Ideally, the map should have a scale of less than 1:250,000 and be provided in a Tiff format (The file should have a maximum size of 25MB). To facilitate understanding of the map.
provided, please explain clearly what can be seen in the map (resolution of map, year of the map, land cover classes and corresponding colours, borders etc)

Attachments:
None.

Definition of rural areas

**Does any national planning document define rural areas in your country?**
Yes

Core indicator S-(1/2/3): Poverty Rate

UNCCD Strategic Objective(s) for which the indicator applies
Strategic Objective 1: To improve the living conditions of affected populations

UNCCD Core indicator S-(1/2/3)
Improvement in the livelihoods of people potentially impacted by the process of desertification/land degradation and drought

Name of the indicator
Proportion of population living below the poverty line

Metric
Poverty Rate

Purpose of the indicator
To measure and monitor changes in poverty, as a proxy for human well-being. This can be used to identify deprived livelihoods, assess the impacts of desertification and assess progress made by the Parties in combating desertification.

Understanding of the indicator
The poverty line describes an absolute threshold below which people are considered to be poor. The poverty rate describes the percentage of the human population living below the poverty line. Ideally, Parties report the poverty rate for affected areas using the rural poverty line (poverty line specific to rural areas). In addition, the rural poverty line should be used to report the poverty rate in rural areas. In the absence of the rural poverty line, the national poverty line should be used to report the poverty rate in affected and rural areas or, if these are not available, in the country as a whole. Finally, if no poverty lines are available, the generic poverty line of US$ 2.00/capita/day should be used to assess poverty rates.

Data needed
Size of human population, a poverty line and the number of people falling below the poverty line.

Relevant terms in the glossary

Reporting on the indicator

Rural poverty line

Does your country have a poverty line that is specific to rural areas (rural poverty line)?
No

If yes, please state the rural poverty line in your country for the most recent years and the method used to define the rural poverty line.

Please choose the method category which best represents that used in the assessment
No answer required.

Please specify the sources used to extract the information provided above.
No answer required.

If yes, please state the number of people and the percentage of the population living below the rural poverty line in affected areas.

Furthermore, please state the method used to assess the poverty rate in affected areas and the proportion of the
If yes, please state the number of people and the percentage of the population living below the rural poverty line in rural areas.

Furthermore, please state the method used to assess the poverty rate in rural areas and the proportion of the population included in the assessment.

No answer required.

Please specify the sources used to extract the information provided above.

No answer required.

### National poverty line

If data related to the rural poverty line was provided, please do not respond to this section.

If no rural poverty line is available, does your country have a national poverty line?

Yes

If yes, please state the national poverty line in your country for the most recent years and the method used to define the national poverty line.

Please choose the method category which best represents that used in the assessment.

Interpretation of indicator status/trend and policy implications

Poverty in affected areas
Did you provide data on poverty in affected areas?
No

If yes, please state whether you provided data for more than one year.
No answer required.

If no, do you see a pattern in the data?
No answer required.

Please explain the pattern emerging from the data and how it relates to DLDD.
No answer required.

If yes, does the poverty rate in affected areas change over time?
No answer required.

If no, please explain possible reasons why the poverty rate in affected areas does not change over time.
No answer required.

If yes, does the poverty rate in affected areas increase or decrease?
No answer required.

Please explain the pattern emerging from the data.
No answer required.

Is there a functional relationship between DLDD and the poverty rate in affected areas?
No answer required.

Please describe how DLDD affects the poverty rate in affected areas.
No answer required.

If DLDD does not affect the poverty rate in affected areas, please describe the other factor(s) responsible for changes in the poverty rate in affected areas.
No answer required.

Please upload a graph showing the percentage of human population below the poverty line in affected areas, covering all years for which data are provided in section “Poverty Rate” / sub-section “Reporting on the indicator”.
The graph should be provided as jpg or pdf with a maximum file size of 2MB
No answer required.

To facilitate understanding please explain clearly what can be seen in the diagram (keys, classes, etc).
No answer required.

Poverty in rural areas

Did you provide data on poverty in rural areas?
No

If yes, please state whether you provided data for more than one year.
No answer required.

If no, do you see a pattern in the data?
No answer required.

Please explain the pattern emerging from the data and how it relates to DLDD.
No answer required.

If yes, does the poverty rate in rural areas change over time?
No answer required.
If no, please explain possible reasons why the poverty rate in rural areas does not change over time.
No answer required.

If yes, does the poverty rate in rural areas increase or decrease?
No answer required.

Please explain the pattern emerging from the data.
No answer required.

Is there a functional relationship between DLDD and the poverty rate in rural areas?
No answer required.

Please describe how DLDD affects the poverty rate in rural areas.
No answer required.

If DLDD does not affect the poverty rate in rural areas, please describe the other factor(s) responsible for changes in the poverty rate in rural areas.
No answer required.

Please upload a graph showing the percentage of human population below the poverty line in rural areas, covering all years for which data are provided in section “Poverty Rate” / sub-section “Reporting on the indicator”.
The graph should be provided as jpg or pdf with a maximum file size of 2MB
No answer required.

To facilitate understanding please explain clearly what can be seen in the diagram (keys, classes, etc).
No answer required.

Please state the actions and policies that you currently have in place or any that will be implemented in the future to address the implications of the indicator trend or lack thereof for addressing DLDD in your country.
No answer required.

Poverty at the national level
If data was provided for either affected or rural areas, please do not respond to this section.

Did you provide data on poverty at the national level?
Yes

If yes, please state whether you provided data for more than one year.
Yes

If no, do you see a pattern in the data?
No answer required.

Please explain the pattern emerging from the data and how it relates to DLDD.
No answer required.

If yes, does the poverty rate at national level change over time?
Yes

If no, please explain possible reasons why the poverty rate at national level does not change over time.
No answer required.

If yes, does the poverty rate at national level increase or decrease?
Both increase and decrease

Please explain the pattern emerging from the data.
Tout dépend de la fluctuation des cours et de la richesse nationale, répartie selon les principales couches sociales.
Is there a functional relationship between DLDD and the poverty rate at the national level?

No

Please describe how DLDD affects the poverty rate at the national level.

No answer required.

If DLDD does not affect the poverty rate at the national level, please describe the other factor(s) responsible for changes in the poverty rate at the national level.

La non redistribution de la richesse nationale aux principales couches défavorisées de la population.

Please upload a graph showing the percentage of the national population below the poverty line, covering all years for which data are provided in section “Reporting on the indicator”.

The graph should be provided as jpg or pdf with a maximum file size of 2MB

Attachments:

None.

To facilitate understanding please explain clearly what can be seen in the diagram (keys, classes, etc).

No answer provided.

Please state the actions and policies that you currently have in place or any that will be implemented in the future to address the implications of the indicator trend or lack thereof for addressing DLDD in your country.

No answer provided.

Feedback

Report on specific COP requests – iterative process on indicators

Decision 13/COP.9 (paragraphs 2, 3 and 4) and decision 17/COP.9 envisage an iterative process to refine the set of performance and impact indicators. As a tool to implement this iterative process, affected country Parties can provide here their suggestions and recommendations for improvement. Using a scale from 0 to 5, where 0 = (no, not at all) and 5 = (yes, very much), please rate the indicator. Please write any comments related to your assessment under the column “remarks”.

### Core indicator S-5: Land Cover Status

**UNCCD Strategic Objective(s) for which the indicator applies**

Strategic Objective 2: To improve the condition of ecosystems

**UNCCD Core indicator S-5**

Maintenance of or increases in ecosystem function, including net primary productivity

**Name of the indicator**

Land cover status

**Metric**

Land cover / land productivity

**Purpose of the indicator**

The purpose of this indicator is to measure and monitor changes in land cover and land productivity. This can be used to indicate land degradation in terms of long-term loss of ecosystem primary productivity, and assess the progress made in maintaining or improving the condition of ecosystems.

**Understanding of the indicator**

Land cover reflects the (bio) physical dimension of the earth’s surface. This can indicate the land’s ability to sustain human activity and land use. Ideally, parties should provide data on the area of each land cover type, the percentage of the total national area covered by each land cover type and any patterns and trends over time. Where available, data should also be provided on the net primary productivity of each land cover type, to give some indication of the total productive capacity of the land.

**Data needed**

Total national land area, classification of land cover types, the total area of each land cover type (square km) and the total area of each land cover type as a percentage of the total national land area.

**Relevant terms in the glossary**

**Reporting on land cover**

**Reporting on the indicator**

Please state the methodology used to produce land cover data in your country for the most recent years and the availability of associated images.

Where remote sensing was used, state the respective year and month in which remote sensing was carried out to derive images.

Item 1

Year:

2000

Method used:

Remote sensing

If field survey was used, please specify the percentage of country surface sampled:

60%

If field survey was used, were the surveys extrapolated to the entire country?

Yes

If remote sensing was used, identify the type and answer the following questions:

Satellite image

Classification:

Automated

Please specify the spatial resolution of the image:

30m

Please specify the temporal resolution of the image:

---days

Please specify the minimum mapping unit (MMU) of the image:
Please specify the year that the photo was captured:
2010

Please specify the month that the image was captured:
December

Percentage of country surface assessed via this classification:
20%

Ground truthing conducted?
Yes

If percentage accuracy is available, please specify:
60%

High resolution verification?
Yes

If percentage accuracy is available, please specify:
60%

Expert opinion?
No

Please specify how accurate the map was judged by the experts:
---

Please specify the number of experts involved:
3

Please specify the sources used to extract the information provided above.

**Reporting on land productivity**

Do not reply to this section if you provided no data on land cover.

**Reporting on the indicator**

Do not reply to this section if you provided no data on land cover.

*Please, state the methods used to estimate land productivity in your country.*

Les résultats préliminaires provenant de 244 parcelles (dont 114 au Gabon) indiquent que les stocks de carbone dans les forêts du Bassin du Congo ont augmentés, et que par conséquent, ces forêts seraient des « puits de carbone ». Si la méthode utilisée est celle de Lewis et al (2009), c'est-à-dire celle qui consiste à prendre en compte les changements en teneur de carbone de la biomasse souterraine vivante des arbres.

*Please state the net primary productivity (NPP) (in kgC ha\(^{-1}\) year\(^{-1}\)) for each land cover type described in section “Land Cover Status” / sub-section “Methodology and data availability”:*

Additional indicators on strategic objectives 1, 2 and 3

This reporting template can be used to report on the nine impact indicators provisionally accepted by the COP (see decision 17/COP.9) but considered optional for inclusion in reports by affected country Parties. Detailed reporting guidelines have not been developed for these nine optional impact indicators, but a description of the indicators and associated metrics can be found in Orr, B.J. 2011. “Scientific review of the UNCCD provisionally accepted set of impact indicators to measure the implementation of strategic objectives 1, 2 and 3.” White Paper Version 1. Available from http://www.unccd.int/en/programmes/Science/Monitoring-Assessment/Documents/White%20paper_Scientific%20review%20set%20of%20indicators_Ver1.pdf
Alternative indicators considered more suitable than the provisionally accepted indicators may also be reported on using this template. The condition for reporting on alternative indicators is that these fit into the underlying logic of measuring progress against strategic objectives 1, 2 and 3 of the Strategy.

Purpose of the indicators

<table>
<thead>
<tr>
<th>Indicator</th>
<th>Purpose</th>
</tr>
</thead>
<tbody>
<tr>
<td>Water availability per capita</td>
<td>“To measure and monitor changes in access to water sources for the population. This can be used to assess the impacts of DLDD, and mitigation efforts, on water resources”</td>
</tr>
<tr>
<td>Change in land use</td>
<td>“To measure and monitor changes in the productive or protective uses of the land resource. This can be used to assess sustainability of land use.”</td>
</tr>
<tr>
<td>Food consumption per capita</td>
<td>“To measure and monitor changes in nutritional status. This can act as an indicator of both well-being and the availability of ecosystem services.”</td>
</tr>
<tr>
<td>Capacity of soils to sustain agro-pastoral use</td>
<td>“To measure and monitor changes in the status of soil health. This can be used to assess the impacts of DLDD, and mitigation efforts, on soil health.”</td>
</tr>
<tr>
<td>Degree of land degradation</td>
<td>“To measure and monitor changes in the extent and severity of land degradation. This can be used to assess the impact of agreements and programs to address land degradation and reclaim degraded lands.”</td>
</tr>
<tr>
<td>Plant and animal biodiversity</td>
<td>“To measure and monitor changes in the status of biodiversity relative to a ‘pristine’ baseline. This can be used as an indicator for overall environmental sustainability and used to assess the impacts of DLDD, and interventions, on enhancing biodiversity.”</td>

**Strategic Objective 4**

**Indicator SO-4-3**

Strategic Objective 4

To mobilize resources to support implementation of the Convention through building effective partnerships between national and international actors

**Impact indicator SO-4-3 for expected impact 4.1** (Increased financial, technical and technological resources are made available to affected developing country Parties, and where appropriate Central and Eastern European countries, to implement the Convention)

Percentage change in the domestic financial commitment to the implementation of the Convention

Understanding of the indicator

It provides an indication of the trend in the supply of public finance for DLDD-related investments and other Convention-related activities by affected developing country Parties.

Data needed
- DLDD-related programmes and projects (co-)financed through domestic public budgets
- Contribution by domestic public sources to investments and other initiatives to advance SLM
- Convention-related financial commitments by affected developing country Parties
Data sources (indicative only)
- PRAIS (financial annexes)
- CRIC performance reviews of OO5 and analyses of financial flows
- Relevant country-level studies to inform the IFS process (to be used when data is not available in the PRAIS system, and/or for cross referencing and validity checks)
- Inventories of SLM funding opportunities and/or investments
- Relevant databases and publications of authoritative entities (to be used when data is not available in the PRAIS system, and/or for cross referencing and validity checks)

Check the glossary for
Integrated financing strategy; integrated investment framework

**Nominal amount (USD) of financial commitments for Convention-related objectives made from domestic public budgets (i.e. national or sub-national)**

- Budget d'investissement PRAIS 2010-2011.pdf, 288 kB

**Indicator SO-4-6**

Strategic Objective 4
To mobilize resources to support implementation of the Convention through building effective partnerships between national and international actors

**Impact indicator SO-4-6 for expected impact 4.2** (Enabling policy environments are improved for UNCCD implementation at all levels)
Number and type of legal and regulatory frameworks, economic incentives or other mechanisms securing or facilitating the transfer of funds for the implementation of the Convention at all levels.

Understanding of the indicator
It provides a measure of the efforts made by Convention stakeholders to facilitate the implementation of the Convention.

**Data needed**
- Laws and regulations
- Economic and financial measures (e.g. fiscal rules, tax benefits, credit lines and borrowing rules, etc.)
- Cooperation frameworks (e.g. agreements, memoranda of understanding, contracts, etc.)
- Sectoral policies (e.g. trade, marketing, property rights, business development, etc.)
- Convention-specific mechanisms

**Data sources (indicative only)**
- Public records of Convention stakeholders
- Relevant databases and publications and other authoritative entities (to be used when data is not available in the PRAIS system, and/or for cross referencing and validity checks)
- PRAIS (CONS-O-6, CONS-O-14, CONS-O-18)

**Indicator SO-4-7**

Strategic Objective 4
To mobilize resources to support implementation of the Convention through building effective partnerships between national and international actors

**Impact indicator SO-4-7 for expected impact 4.2** (Enabling policy environments are improved for UNCCD implementation at all levels)
Clear entrusting of institutional responsibilities for UNCCD implementation, at all levels

Understanding of the indicator
It provides an indication of the effectiveness of institutional arrangements for the implementation of the Convention with regard to the resource mobilization process
Data needed
- Evidence of institutional arrangements, instruments and mechanisms that facilitate resource mobilization, or the lack thereof
- Best practices in resource mobilization

Data sources (indicative only)
- Public records of Convention stakeholders
- Relevant databases and publications of authoritative entities
- PRAIS (Best Practices on finance and resource mobilization)

Performance Indicators

Operational Objective 1: Advocacy, awareness raising and education

Performance indicator CONS-O-1 for Outcome 1.1
Number and size of information events organized on the subject of DLDD and/or DLDD synergies with climate change and biodiversity, and audience reached by media addressing DLDD and DLDD synergies.

Understanding of the indicator
At the national level, the indicator measures the performance of Convention-related communication strategies, in particular whether DLDD issues and/or DLDD synergies with climate change and biodiversity are being communicated and if so, whether the communication is considered to be effective. Effectiveness is assessed through the appraisal of the media campaigns carried out; the assumption is that the stronger the media campaigns on DLDD issues and synergies, the higher the probability of passing the messages on to the target audiences. The focus of the indicator is on information activities specifically dedicated to DLDD issues and/or DLDD synergies with climate change and biodiversity. Other reporting entities will complement the information provided by affected country Parties by reporting on Convention-related communication strategies at the subregional, regional and global levels.

Data needed
- Information on events/media specifically addressing DLDD and/or DLDD synergies with climate change and biodiversity.
- Only events organized by major national DLDD stakeholders about which NFPs have been informed should be considered.
- Only the media products from the five most important national TV/radio channels and the five most relevant national newspapers should be considered.

Data sources (indicative only)
Attendance list of events (meetings, workshops, seminars), programme/project documents, major national media (TV/radio channels, newspapers), the Internet, organizers of events.

Check the glossary for

Check the reporting manual for
‘How can the number of information events and estimated number of participants in information events be determined?’, ‘How can the number of media products be determined?’, ‘How can the proportion of the population which is informed about DLDD and/or DLDD synergies with climate change and biodiversity be estimated?’

Overall target
By 2018, 30 per cent of the global population is informed about DLDD and/or DLDD synergies with climate change and biodiversity.

National contribution to the target
On the basis of your best knowledge, estimate the proportion (%) of the population in your country which is informed about DLDD and/or DLDD synergies with climate change and biodiversity at the time of reporting?

Estimated share of total country population
45 %

Qualitative assessment

Is the information you have provided on communication processes part of a national communication strategy addressing environmental issues?
No answer provided.

Is there a national communication strategy addressing DLDD and/or DLDD synergies with climate change and biodiversity?
Yes

If yes, does the implementation of the national communication strategy complement the implementation of the UNCCD Comprehensive Communication Strategy?
No

If no, is your country implementing the UNCCD Comprehensive Communication Strategy?
No answer required.

Is your country implementing activities relating to the United Nations Decade for Deserts and the Fight Against Desertification (UNDDD)?
Yes

Performance indicator CONS-O-3 for Outcome 1.3
Number of civil society organizations (CSOs) and science and technology institutions (STIs) participating in the Convention processes.
Understanding of the indicator
At the national level, the indicator measures the level of participation of CSOs and STIs in DLDD-related programmes and projects. The indicator will outline whether the active involvement of these stakeholders in country-based initiatives increases over time and whether programmes/projects are valid tools for the engagement of, and receiving contributions from, CSOs and STIs at the field level. Other reporting entities will complement the information provided by affected country Parties by reporting on the involvement of CSOs and STIs at the subregional, regional and global levels; additionally, the secretariat and the GM will report on the involvement of CSOs and STIs at the institutional level.

Data needed
A list of the organizations involved in the programmes/projects in the reporting country as reported in the PPSs.

Data sources (indicative only)
PPSs submitted to the UNCCD as part of the reporting exercise.

Check the glossary for ‘STIs’, ‘CSOs’, ‘PPS’, ‘Convention processes’

Check the reporting manual for ‘Which CSOs involved in DLDD-related programmes/projects should be counted?’

Overall target
A steady growth in the participation of CSOs and STIs in the Convention processes is recorded along the implementation period of The Strategy.

Number of CSOs/STIs involved in each programme/project in the country
In the PPSs you have specified the number of CSOs and the number of STIs involved in each programme/project in your country. Add these numbers and give the totals by year in the table below.

<table>
<thead>
<tr>
<th>Year</th>

**Performance indicator CONS-O-4 for Outcome 1.3**

Number and type of DLDD-related initiatives of civil society organizations (CSOs) and science and technology institutions (STIs) in the field of education.

Understanding of the indicator

At the national level, the indicator measures the number of DLDD-related initiatives undertaken by CSOs and STIs in the education sector. The assumption is that the higher the number of DLDD-related education initiatives undertaken by these stakeholders, the stronger their interest in addressing DLDD problems. This indicator focuses on “education” because “awareness” and “advocacy” are already measured through indicators CONS-O-1 and CONS-O-2, respectively. Other reporting entities will complement the information provided by affected country Parties by reporting on the involvement of CSOs and STIs at the subregional, regional and global levels.

Data needed

- Information on initiatives undertaken in the field of education that may be found in: written communications by CSOs and STIs to the NFP; contractual and/or programme/project-related documents; records of academic bodies and their curricula; and Internet resources made available by CSOs and STIs.

- Only initiatives in the field of education taken in the country and directly relating to DLDD issues are to be considered.

Data sources (indicative only)

CSOs and STIs operating in the country.

Check the glossary for

‘CSOs’, ‘STIs’, ‘NFP’, ‘Education initiatives’

Check the reporting manual for

‘Which CSOs involved in DLDD-related education initiatives should be counted?’

Overall target

A steady growth in the number of DLDD-related education initiatives undertaken by CSOs and science and technology institutions is recorded along the implementation period of The Strategy.

**Operational Objective 2: Policy framework**

**Performance indicator CONS-O-5 for Outcomes 2.1, 2.2 and 2.3**

Number of affected country Parties, subregional and regional entities to have finalized the formulation/revision of NAPs/SRAPs/RAPs aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks.

**Understanding of the indicator**

At the national level, the indicator measures the performance of affected country Parties in formulating or revising their NAPs in alignment with The Strategy. While providing information on this process, the indicator also outlines whether: (a) the analysis of DLDD drivers, barriers to possible solutions, and measures that may eventually overcome these barriers, has been carried out; (b) the alignment process has been supported by biophysical and socio-economic baseline information; (c) the action programmes have been included in integrated investment frameworks; and (d) the action programmes have been integrated with other existing national plans and policies. The indicator will inform on the extent to which Parties have responded to decision 3/COP.8, paragraph 45, and on the feasibility of assessing the progress of The Strategy over its implementation period (2008–2018). Subregional and regional reporting entities will complement the information provided by affected country Parties by reporting on formulation or revision of SRAPs and RAPs in alignment with The Strategy.

**Data needed**

- UNCCD NAP. Only a NAP formally approved by the relevant governmental authorities is to be considered as ‘finalized’
- Other relevant planning documents

**Data sources (indicative only)**

UNCCD NFP.

**Overall target**

By 2014, at least 80 per cent of affected country Parties, subregional and regional entities have formulated/revised a NAP/SRAP/RAP aligned to The Strategy.

---

**NAP Adoption and Revision**

If your country had no NAP prior to The Strategy, has it formulated an aligned NAP after The Strategy’s adoption, i.e. after 1.1 2008?
No answer required.

If yes, specify the date of its approval.
No answer required.

If your country has some specific issues with regard to the characteristics of the NAP and/or the status of its implementation, particularly in how they relate to its alignment with The Strategy, describe them briefly.
No answer provided.

If your country did not have a NAP by the end of the reporting period, specify why the process was not initiated.
Rate the level of importance by using a scale from 0 to 5, where 0 is not important at all and 5 is very important.

Other (specify)
No answer required.

For countries having a NAP aligned to The Strategy
Question marked as ‘Skipped’.

Is your country’s NAP supported by biophysical and socio-economic baseline information?
No answer provided.

Does your country’s NAP assess DLDD drivers?
No answer provided.

Does your country’s NAP assess the barriers to sustainable land management?
No answer provided.

If yes, does it include recommendations to remove these barriers?
No answer required.

Has your country’s NAP been included in an integrated investment framework?

Has your country’s NAP been integrated into national development planning and relevant sectoral and investment plans and policies?
No answer provided.

If yes, has the NAP been integrated into your country’s Poverty Reduction Strategy Paper?
No answer provided.

Did your country refer to the guidelines on the alignment of action programmes with The Strategy as proposed in ICCD/COP(9)/2/Add.1 while revising the NAP to be in alignment with The Strategy or while formulating an aligned NAP?
No answer provided.

Sources of information
Specify the sources used to extract the information provided above. You may also upload relevant documents.

### Performance indicator CONS-O-7 for Outcome 2.5

**Number of initiatives for synergistic planning/programming of the three Rio Conventions or mechanisms for joint implementation, at all levels.**

#### Understanding of the indicator
At the national level, the indicator measures the existence of synergistic processes through the number of instruments (i.e., joint planning/programming and/or operational mechanisms) in place which foster the introduction of, or strengthen the mutually reinforcing measures among, the three Rio Conventions. The assumption is that the higher the number of enabling instruments in place, the higher the possibility of achieving synergies in implementation. This information will be complemented by the reporting of other reporting entities on synergistic processes at the subregional, regional and global levels.

#### Data needed
- Planning/programming documents and legislative/regulatory documents.
- Information on operational mechanisms explicitly aimed at achieving joint implementation, synergies and convergence, as well as at introducing or strengthening reinforcing measures among the Rio Conventions.

#### Data sources (indicative only)
Relevant national ministries.

Check the glossary for
‘Joint planning/programming initiatives’, ‘Operational mechanisms for joint implementation or mutual reinforcement’

Check the reporting manual for
‘Which synergistic instruments should be included?’, ‘Indicative list of activities by Parties to promote synergies among the Rio Conventions’

#### Overall target
By 2014, each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio Conventions.

#### Was your country implementing joint planning/programming initiatives for the three Rio Conventions in the reporting period?
Yes

**If yes, specify the type of joint initiative(s)**
- Evaluation of national plans and identification of gaps in synergies
- Identification of national sectors and policies that could benefit from synergies and cooperation
- Review of existing national plans and policies to enhance cooperation
- Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders
- Other

**Other (specify)**
Did operational mechanisms for joint implementation or mutual reinforcement exist in your country during the reporting period?

Yes

If yes, specify the type of mechanism(s)

- Regular meetings between focal points and focal point teams
- Establishment of a national coordinating committee for the implementation of the Rio Conventions
- Establishment of national collaborative processes on synergies in reporting under the Rio Conventions
- Other

Other (specify)

Activités conjointe dans le cadre de l’allocation des fonds du STAR/FEM 5.

Sources of information

List the synergistic instruments referred to above.

Specify the sources used to extract the information provided above. You may also upload relevant documents.

- Rapport global ANCR Gabon

Attachments:

None.

National contribution to the target

Question marked as ‘Skipped’.

If your country was not implementing joint planning/programming or did not have operational mechanisms in place by the end of the last reporting period, when do you plan to have synergetic instruments in place?

No answer provided.

Qualitative assessment

Has the establishment of synergistic processes for joint implementation of the Rio Conventions at national level been supported by the institutions of the Rio Conventions?

Yes

If yes, by the institutions of which Convention?

- UNCCD
- CBD
- UNFCCC

Identify the major difficulties experienced in establishing synergistic planning/programming or mechanisms for joint implementation.

Rate the level of importance by using a scale from 0 to 5, where 0 is not important at all and 5 is very important.

Operational Objective 3: Science, technology and knowledge

Performance indicator CONS-O-8 for Outcomes 3.1 and 3.2
Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

Understanding of the indicator
At the national level, the indicator measures the monitoring potential of the country by quantifying the number of monitoring systems established and supported. These monitoring systems may be specifically dedicated to DLDD or may partially cover it. The indicator will inform on the extent to which it is realistic to expect more regular and coherent reporting by affected country Parties during the implementation of The Strategy and beyond. This information will be complemented by the reporting of other reporting entities on UNCCD-relevant monitoring systems established and supported at the subregional, regional and global levels.

Data needed
- Information on monitoring systems established within the national ministries or other bodies/institutions
- Programme/project documents and interim or final reports

Data sources (indicative only)
Relevant national ministries, programme/project management units, other non-governmental sources.

Check the glossary for
‘monitoring system’, ‘monitoring system specifically dedicated to DLDD’, ‘monitoring system partially covering DLDD’

Check the reporting manual for
‘Can a monitoring system that is not an environmental monitoring system, but which accounts for the socio-economic aspects of DLDD, be considered a DLDD monitoring system?’, ‘Can a meteorological monitoring system be considered a DLDD monitoring system?‘

Overall target
By 2018, at least 60 per cent of affected country Parties, subregional and regional reporting entities have established and supported national monitoring systems for DLDD.

Is a monitoring system specifically dedicated to DLDD established at the national level?
Yes

If yes, specify whether this system is functional
No

If yes, specify whether this system is regularly updated
No

If no DLDD-specific monitoring system is in place, is a monitoring system partially covering DLDD established at the national level?
List any monitoring system available at the sub-national level that can contribute to the UNCCD reporting.
No answer provided.

List the main features of the monitoring system available at the national level, in particular those that can contribute to UNCCD reporting.
- Suivi des cirques de Léconi et suivi de l'exploitation forestière à faible impact (EFI)

Sources of information
Question marked as ‘Skipped’.
Specify the sources used to extract the information provided above. You may also upload relevant documents.
No answer provided.

National contribution to the target
Question marked as ‘Skipped’.
If your country did not have a national monitoring system specifically dedicated to DLDD or partially covering DLDD in place by the end of the reporting period, do you plan to initiate one?
No answer provided.
If yes, when?
No answer required.

Qualitative assessment
For those countries not having a national monitoring system specifically dedicated to DLDD or partially covering DLDD, identify the major difficulties experienced in the establishment process.
Rate the level of importance by using a scale from 0 to 5, where 0 is not important at all and 5 is very important.

Performance indicator CONS-O-9 for Outcome 3.1 and 3.2
Number of affected country Parties, subregional and regional entities reporting to the Convention along revised reporting guidelines on the basis of agreed indicators

Understanding of the indicator
At the national level, the indicator measures the use of biophysical and socio-economic information in defining a commonly agreed core set of impact indicators for the UNCCD and in monitoring progress against these indicators using harmonized methodologies. The indicator will inform to what extent it is possible to compile a comparable and global assessment of UNCCD impact. Subregional and regional reporting entities will complement the information provided by affected country Parties by reporting on the use of impact indicators at the subregional and regional levels, if and when impact indicators for these levels will be commonly agreed upon by the Conference of the Parties.

Data needed
- Reports to the UNCCD by affected country Parties in 2012 and 2016.
- The information to report on this indicator will be compiled by affected country Parties every four years when reporting on the strategic objectives that require biophysical and socio-economic information (i.e. SO1, SO2 and SO3). Reporting on this indicator is due in 2012 and in 2016 only.

Data sources (indicative only)
UNCCD NFP

Check the glossary for
‘NFP’

Overall target
By 2018, at least 90 per cent of affected country Parties, subregional and regional reporting entities report to the Convention in compliance with the new reporting guidelines.

Has your country reported on the two impact indicators considered by decision 13/COP.9 to be the minimum reporting requirement?

No answer provided.

Number of impact indicators for strategic objectives 1, 2 and 3 your country has reported on in 2012 and 2016
Question marked as ‘Skipped’.

2012

No answer provided.

2016

No answer provided.
While reporting on impact indicators, did you refer to the reporting guidelines, i.e. using the common baselines and methodologies defined by the CST?

If in 2012 your country has not reported on some or all of the impact indicators for the UNCCD, do you plan to do so in 2016?

No answer provided.

If in 2012 your country has not complied with the reporting guidelines, i.e. using the common baselines and methodologies defined by the CST, do you plan to do so in 2016?

No answer provided.

Performance indicator CONS-O-10 for Outcome 3.3 and 3.4

Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity

Understanding of the indicator

The indicator measures knowledge-transfer processes from the theoretical to the operational level. This is done through an assessment carried out by affected country Parties (self-assessment) of the levels of traditional and scientific knowledge reflected in their NAPs. The assumption is that NAPs based on sound scientific and traditional knowledge will propose more significant and effective strategies and activities for implementation at the national level, and will, ultimately, perform better than those NAPs that do not take into account available knowledge on DLDD and DLDD synergies with climate change and biodiversity. The indicator will inform to what extent UNCCD implementation is likely to achieve meaningful results. Subregional and regional reporting entities will complement the information provided by affected country Parties by reporting on the assessment of their SRAPs and RAPs.

Data needed
- NAP aligned to The Strategy
- Scientific literature consulted for the formulation/revision of the NAP

Data sources (indicative only)
UNCCD NFP

Check the glossary for

As this indicator is meant to contribute to the country's self-assessment of its aligned NAP, countries not having a NAP or not having revised their NAP in alignment with The Strategy do NOT report on this indicator.

Overall target
By 2018, at least 70 per cent of revised NAPs/SRAPs/RAPs have successfully gone through a quality self-assessment.
Sources of information
UNCCD NAP formulated taking account of, or revised in alignment with, The Strategy.

Assessment of the aligned NAP

In your NAP, is the identification of biophysical and socio-economic drivers, and of their interaction, knowledge-based?

Yes

If yes, specify upon which type of knowledge it is based

Performance indicator CONS-O-11 for Outcome 3.5
Type, number and users of DLDD-relevant knowledge-sharing systems at the global, regional, subregional and national levels described on the Convention website

Understanding of the indicator
At the national level, the indicator measures the presence of DLDD-related knowledge-sharing processes, through the quantification of the type and number of existing knowledge-sharing systems. Effectiveness of these systems is measured through quantification of their user-base. The indicator will inform to what extent scientific and traditional knowledge, including best practices, are available to and sufficiently shared with end-users. This information will be complemented by the reporting of other reporting entities on existing UNCCD-relevant knowledge-sharing systems at the subregional, regional and global levels.

Data needed
- Information from websites.
- Only DLDD-relevant knowledge-sharing systems and networks shall be considered.

Data sources (indicative only)
Relevant organizations and ministries hosting knowledge-sharing systems and networks within their website

Check the glossary for ‘knowledge-sharing system’, ‘PRAIS’
Check the reporting manual for
‘How can you provide the number of users in a knowledge-sharing system?’

Overall target
By 2010 the Convention website has been restructured and includes a thematic database on knowledge-sharing systems as part of the PRAIS.

### Knowledge-sharing systems

List any DLDD-relevant ‘knowledge-sharing system’ in your country you are aware of, providing an Internet link and estimated number of users per year.

**Operational Objective 4: Capacity building**

**Performance indicator CONS-O-13 for Outcomes 4.1 and 4.2**

Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of NCSA or other methodologies and instruments

Understanding of the indicator

At the national level, the indicator measures the presence of capacity-building processes through the quantification of existing DLDD-related capacity-building initiatives. The indicator will inform to what extent affected country Parties may be expected to meet their obligations foreseen by the Convention, including forthcoming ones (i.e. new reporting requirements, establishment of monitoring systems, accessing new financing mechanisms). This information will be complemented by the reporting of other reporting entities on capacity-building initiatives at the subregional, regional and global levels.

Data needed

- Information on DLDD-related capacity-building initiatives; only programmes/projects mentioned in the PPSs that have DLDD-related capacity-building as a major objective are to be considered.

Data sources (indicative only)

- PPSs submitted to UNCCD as part of the reporting exercise
- Programme/project documents and interim or final reports of those programmes and projects identified through the PPSs as having DLDD-related capacity-building as a major objective

Check the glossary for

Check the reporting manual for

‘What can be considered as a programme or project that has DLDD-related capacity-building as a major objective?’

Overall target

By 2014, at least 90 per cent of affected country Parties, subregional and regional reporting entities implement DLDD-specific capacity-building plans or programmes/projects.

### Number of DLDD-related capacity-building initiatives implemented

<table>
<thead>
<tr>

National contribution to the target
Question marked as 'Skipped'.

If at the time of reporting there are no DLDD-specific capacity-building plans, programmes or projects implemented in your country, when do you plan to have something in place?
  No answer provided.

Qualitative assessment
Has your country received assistance from one or more of the following institutions to build capacities to combat DLDD?

- GEF
- Bilateral
- Multilateral (United Nations agencies, IGOs, international financing institutions, etc.)

If yes, which type of assistance have you received?

- Technical support
- Financial support

Operational Objective 5: Financing and technology transfer
Performance indicator CONS-O-14 for Outcome 5.1
Number of affected country Parties, subregional and regional entities whose investment frameworks, established within the IFS devised by the GM or within other IFSs, reflect leveraging national, bilateral and multilateral resources for combating desertification and land degradation

Understanding of the indicator
At the national level, the indicator measures the presence of integrated financing processes allowing the leverage of national, bilateral and multilateral resources for combating desertification and land degradation, through the quantification of investment frameworks developed by country Parties within the IFS devised by the GM or other IFSs promoted by diverse international institutions. This information will be complemented by the reporting of other reporting entities on the establishment of IIFs at national, subregional and regional levels.

Data needed
- Investment framework documents.
- Only investment frameworks prepared along the guidelines devised within IFSs shall be considered.

Data sources (indicative only)
Relevant national ministries

Check the glossary for

Overall target
By 2014, at least 50 per cent of affected country Parties, subregional and regional entities have developed IIFs.

Had your country developed an IIF by the end of the reporting period?

No

If yes, specify when it was developed.
No answer required.

Is your country’s IIF based on the NAP?
No answer required.

If based on the NAP, who assisted in its development?
No answer required.

Other (specify)
No answer required.

If assisted, which type of assistance did you receive?
No answer required.

If assisted by the GM, was it devised within the IFS?
No answer required.

If your country has an IIF based on the NAP, does this framework allow for the leveraging of national, bilateral and multilateral resources for combating DLDD?
No answer required.

Did your country receive assistance from the GM in exploring non-traditional and innovative channels of financial resources?
No answer provided.

Short overview of the progress in implementing the IIF
Provide a short overview of the progress in implementing the IIF in your country, in particular as it relates to its functionality and efficiency in leveraging the funding necessary for implementing the Convention.

绩效指标CONS-O-16对于成果5.2
资助资源的充足性、及时性和可预测性

理解指标
这是一个需要感知评估的定性指标，要求受影响国家根据发展中国家的资助资源的充足性、及时性和可预测性来评估。‘充足’、‘及时’和‘可预测’的资源在《战略》中通常被引用为确保适当规划和有效执行所必需的。次区域和区域报告实体将补充受影响国家提供的信息，通过对其感知评估的报告。

双边援助收到

If yes, when?
2012–2013
How would you rate the bilateral assistance received within the framework of UNCCD for the implementation of The Strategy and of the Convention?

Adequacy of bilateral assistance
Adequate

Timeliness of bilateral assistance
Timely

Predictability of bilateral assistance
Not predictable

Provide narrative justification on your above rating
L’aide attendu est souvent assez limitée dans le cadre spécifique de la mise en œuvre directe de la convention. Cependant, dans la pratique cette aide peu être aussi qualifiée d’imprévisible, car lorsqu’elle est attendue et n’arrive pas forcement au moment souhaité.

Additional information on any other impacting aspects
If relevant, provide additional information on whether there are any other aspects beyond adequacy, timeliness and predictability of financial support made available by developed country Parties to combat DLDD which impact proper planning and effective implementation of the Convention in your country.

No answer provided.

Qualitative assessment
Did you receive assistance in raising resources from bilateral donors?
Yes

If yes, from whom?
- GEF

Other (specify)
No answer required.

Has the level of adequacy, timeliness and predictability of bilateral assistance constrained your country’s performance in planning and implementation with respect to UNCCD?
No

Performance indicator CONS-O-17 for Outcome 5.3
Number of DLDD-related project proposals successfully submitted for financing to international financial institutions, facilities and funds, including the GEF

Understanding of the indicator
At the national level, the indicator measures the capacity of fund-raising through the quantification of project proposals successfully submitted for funding to the various financing organizations. The indicator will inform to what extent affected country Parties make increasing efforts to mobilize resources. This information will be complemented by the reporting of other reporting entities on the fund-raising efforts at national, subregional and regional levels.

Data needed
Information contained in the PPSs and SFAs submitted to UNCCD.

Data sources (indicative only)
- PPSs and SFAs submitted to UNCCD as part of the reporting exercise.
- The PPS requires specification of the project ‘status’ thus it allows the identification of relevant projects to be considered by this indicator and the monitoring of their approval status.
- The SFA requires the specification of amounts committed to approved projects.

Check the glossary for

Overall target
A steady growth in the number of DLDD-related successfully submitted project proposals is recorded along the implementation period of the Strategy.

No answer provided.

Reasons for decreasing
Rate the level of importance by using a scale from 0 to 5, where 0 is not important at all and 5 is very important.

Reason Level of importance

Financing opportunities are not publicized enough, lack of access to necessary information 3
Complicated application procedures, the level of complexity being worsened by the different requirements of the various donors 0
Limited financial resources are made available for DLDD-related programmes/projects, and lack of DLDD-specific allocations within donors’ portfolio. 4
Other ---

Other (specify)
No answer provided.

Performance indicator CONS-O-18 for Outcome 5.5
Amount of financial resources and type of incentives which have enabled access to technology by affected country Parties

Understanding of the indicator
The indicator measures whether access to technology is facilitated by means of financial resources or economic and policy incentives. At the national level, the indicator will inform to what extent an enabling environment for technology transfer has been created and whether sufficient resources are dedicated to technology transfer. Subregional and regional reporting entities will complement the information provided by affected country Parties by reporting on financial resources and type of incentives which have enabled access to technology at the subregional and regional levels.

Data needed
- Budgets of relevant programmes and projects
- Information on policy/regulatory, financial and fiscal incentives. Incentives facilitating access to technology are those established and implemented at the national level, and not necessarily only within the framework of DLDD-related cooperation.

Data sources (indicative only)
- Financial documents of programmes and projects submitted as PPSs to the UNCCD as part of the reporting exercise
- National policy, regulatory and economic/financial documents

Check the glossary for ‘technology transfer’, ‘technical support’, ‘incentive’, ‘PPS’

Check the reporting manual for ‘How to disaggregate the amounts by year?’, ‘How to measure the effectiveness of technology transfer initiatives?’
Overall targets
- A steady growth in the financial resources allocated to facilitate access to technology by affected country Parties is recorded along the implementation period of The Strategy.
- A steady growth in the number of economic and policy incentives reported upon is recorded along the implementation period of The Strategy.

Estimate of amounts allocated to facilitate access to material and to knowledge aid (technology transfer)

<table>

No answer provided.

Identify the reasons for decreasing trend of financial resources allocated through DLDD-related programmes and projects to facilitate access to technology.
Rate the level of importance by using a scale from 0 to 5, where 0 is not important at all and 5 is very important.

Standard Financial Annex

The CRIC has recommended that financial reporting be based on a standard financial reporting format to be used by affected country Parties and their development partners. It also indicated that emphasis in reports should be put on financial matters and also on an analysis of the impact of the activities undertaken (ICCD/CRIC(8)/5).

The purpose of the SFA is to consolidate information on resources mobilized by affected country Parties and their development partners under the framework of relevant strategies and action programmes. It facilitates the aggregation of data on financial commitments, financial flows and resources available by all relevant funding sources for activities related to the implementation of the Convention. It also helps minimize double counting in financial statistics (ICCD/CRIC(8)/5/Add.4).

The SFA is to be used by each country Party and other reporting entities to list all financial commitments they have made during the reporting period in support of institutions, programmes, projects, as well as other relevant initiatives undertaken at national or international level for the implementation of the Convention.

More specifically, for each relevant financial commitment or allocation made in the reporting period, the SFA requires a minimum set of data grouped as follows:

a. Identification, i.e. data required to identify the reporting entity, the funding source and the activity financed;
b. Basic data, i.e. data specifying the amount and type of financial commitment made, as well as the recipient country, region, and/or organization, and the funding period, if applicable;
c. Classification, i.e. categorization of the funded activity according to the Rio Markers for desertification, and the UNCCD Relevant Activity Codes (RACs).

The compilation of the SFA is guided by means of a template, which responds to the recommendations of CRIC 7, and builds on the GM methodological guide for financial reporting presented to CRIC 6 as part of the report of the intergovernmental Ad Hoc Working Group to improve the procedures for communication of information.

Within the template, shaded areas contain information and explanatory texts, while white areas are for reporting purposes and need to be filled in by the reporting entities with relevant data or narrative information.

Decision 13/COP.9, paragraph 8, invites country Parties and other reporting entities to refer to common terminology and definitions. Therefore, these guidelines should be read in conjunction with the comprehensive glossary of performance indicators for the review of implementation of The Strategy and Best Practices, common to all reporting entities and contained in a separate document (ICCD/CRIC(9)/13).

Financial Commitment #1 — Appui à la gestion durable des ressources forestières au Gabon

Reporting Entity

Enter the name of the country or organization submitting the official report to the UNCCD to which the financial commitment will be attached in the form of a consolidated Standard Financial Annex

No answer provided.

Other

- Gabon, Ministère des Eaux et Forêts

Identification code

Question marked as ‘Skipped’.

Enter the Identification Code (ID), number or acronym given to the activity funded (if known)

No answer provided.

Funding organization

Enter the full name and acronym (if applicable) of the organization that has made the financial commitment

- African Development Fund

Financial Commitment #16 — Développement des forêts communautaires au Gabon

Reporting Entity

Enter the name of the country or organization submitting the official report to the UNCCD to which the financial commitment will be attached in the form of a consolidated Standard Financial Annex

- International Tropical Timber Organization

Other
Identification code
Question marked as ‘Skipped’.

Enter the Identification Code (ID), number or acronym given to the activity funded (if known)

No answer provided.

Funding organization
Enter the full name and acronym (if applicable) of the organization that has made the financial commitment

- International Tropical Timber Organization

Other

- Gabon
  Budget national

Name of activity funded
Enter the name or title of the activity, project, programme, organization or initiative funded with this financial commitment

Développement des forêts communautaires au Gabon

Recipient country(ies) or (sub)region(s)
Enter the name of the country(ies), subregion(s) or region(s) in which the activity is taking place or is due to take place. Indicate ‘Global’ if the activity is of global scale or has no specific geographical focus

- Africa
- Central Africa
- Gabon

Recipient organization(s)
Enter the full name and acronym of the organization(s) to which the funds have been or will be transferred to

No answer provided.

Other

- Gabon
  Direction Générale des Forêts
  Ministère des Eaux et Forêts

Executing Agency(ies)
Enter the full name an acronym of the Agency(ies) or Organization(s) that is/are in charge of the execution of the activity

No answer provided.

Commitment date
Question marked as ‘Skipped’.
Enter the date at which the financial commitment has been formally approved by the extending organization

No answer provided.

**Amount committed**

**Enter the total amount of money committed**

899832 US Dollar

**Type of funding**

Indicate the type of funding provided through the financial commitment.

Grant

**Start date**

Question marked as ‘Skipped’.

Enter the date at which the funding has been or is expected to be made available to the recipient organization

No answer provided.

**Completion date**

Question marked as ‘Skipped’.

Enter the date at which the funding has been or is expected to be utilized by the recipient organization, if applicable

No answer provided.

**Duration (no. of months)**

Indicate the period covered by this funding, if applicable, expressed in number of months

No answer provided.

**Rio Marker for desertification**

Assign the appropriate Rio Marker for desertification to the funded activity by ticking only one of the boxes below (refer to the Rio Markers guidance note for more information, examples and instructions)

3

**Relevant Activity Codes (RACs)**

Indicate all the Relevant Activity Codes (RACs) that may apply to the funded activity (refer to the RACs guidance note for more information, examples and instructions).

- 1 Monitoring and Research
- 1.1 Monitoring
- 1.1.1 Indicators
- 1.1.5 Reporting
- 1.2 Knowledge, Science and Technology
- 2 Capacity Development and Planning
- 2.1 Advocacy and Awareness Raising
- 2.1.4 Education
- 2.1.3 Consultative platforms
- 2.2 Enabling Activities

Programme and Project Sheets
Programme and Project Sheets (PPS) are used to provide more detailed information on programmes or projects undertaken or completed in the reporting period. This includes programmes and projects in the pipeline, as well as final proposals submitted for funding to internal or external funding sources. All country Parties and other reporting entities involved in the financing, coordination or implementation of relevant programmes and projects are requested to prepare a PPS for each of them, and to attach them to their official report to the UNCCD.

The compilation of the PPS is guided by means of a template. These templates are intended to collect a minimum set of qualitative and quantitative data to facilitate the analysis of funding and investment flows, and the production of better financial statistics related to UNCCD implementation (ICCD/CRIC(8)/5/Add.4), with a view to enabling the CRIC to undertake an objective review of progress in the implementation of the Convention and The Strategy. The PPS also facilitate the computation of certain performance and impact indicators.

A distinctive feature of the PPS is that it allows country Parties and other reporting entities to specify which strategic and operational objectives of The Strategy are targeted by each programme or project. In addition, it allows for individual programme or project components to be categorized using the Rio Markers for desertification and Relevant Activity Codes (RACs).

Furthermore, the PPS can be used to indicate whether the objectives of other Rio Conventions (i.e. the United Nations Convention on Biological Diversity, UNCBD – and the United Nations Framework Convention on Climate Change, UNFCCC) are also addressed by the programme or project. This is done through the use of the biodiversity and climate change Rio Markers, respectively.

The PPS offers an opportunity to increase the visibility of relevant programmes and projects, thereby creating the conditions for a better sharing of experiences and lessons, as well as the transfer of knowledge in general. It also favours collaboration and networking by facilitating the identification of potential synergies.

Lastly, the PPS also allows country Parties and other reporting entities to provide a narrative description of the expected or achieved results. This information will facilitate the qualitative assessment of progress in the implementation of The Strategy, including on returns on investment. The CRIC will use the analysis of financial information originating from the PPS to assess results, performance and impacts.

To minimize the reporting burden and avoid discrepancies in the information annexed to the reports of different entities, it is recommended that project partners identify the most suitable ways to coordinate among themselves the preparation of PPS to ensure that consistent data are reported for the same projects. It would also be advisable to compile just one PPS for large “umbrella” programmes, instead of separate PPS for each small project stemming from them.

Programme/Project #1 — PROJET DE DEVELOPPEMENT AGRICOLE ET RURAL

Reporting entity(ies)
Enter the full name and acronym of the reporting entity(ies)

*No answer provided.*

Other

- Gouvernement Gabonais
- Contribution des bénéficiaires

Identification code
Enter the Programme/Project identification code (ID) or number, given by the relevant extending agency (if applicable)

Programme/Project #2 — Stratégie Nationale d’Adaptation du littoral gabonais face aux effets des changements climatiques

Reporting entity(ies)

Enter the full name and acronym of the reporting entity(ies)

No answer provided.

Other

- Gabon,
Identification code
Question marked as ‘Skipped’.

Enter the Programme/Project identification code (ID) or number, given by the relevant extending agency (if applicable)
No answer provided.

Title
Enter the Programme/Project title, and sub-title if applicable.
Stratégie Nationale d’Adaptation du littoral gabonais face aux effets des changements climatiques

Role of the Organization(s) in the Programme/Project
Indicate the role of the reporting entity(ies) in the Programme/Project (e.g. funding agency, implementing agency, etc.)
Donor (ODA)

Civil Society Organizations (CSOs) and Science & Technology Institutions (STIs)
Question marked as ‘Skipped’.

Enter the name(s) of Civil Society Organizations (CSOs), including Non-Governmental Organizations, research institutions and-or Science and Technology Institutions (STIs) involved in the Programme/Project. Note: This information should be taken into account in the computation of performance indicator no. CONS-O-3.
No answer provided.

Beneficiary Country(ies) or Sub Region(s)
Enter the name of the country(ies), subregion(s) and/or region(s) benefiting from the Programme/Project. Indicate “Global” in the absence of a specific geographical focus
- Africa
- Central Africa
- Gabon

Target area size/administrative unit

Area Size
Indicate the total area expressed in number of hectares
267667000 hectares

Administrative Unit
Indicate the administrative unit targeted in the project area, if known, by the Programme/Project.
1500000

Target Group
No answer provided.

Beneficiaries
Enter the total number of people benefitting from the Programme/Project, if known.
1500000
Start date
Indicate the date at which the Programme/Project started or is due to start, if known.

No answer provided.

Completion date
Indicate the date at which the Programme/Project was completed or is due to be completed, if known.

2012-12-31

Status
Indicate the status of the Programme/Project at the time of completing this form.

Programme/Project #14 — Aménagement des Petits Permis Forestier Gabonais

Reporting entity(ies)
Enter the full name and acronym of the reporting entity(ies)

No answer provided.

Other

- Gabon
  Ministère des Eaux et Forêts

Identification code
Question marked as 'Skipped'.
Enter the Programme/Project identification code (ID) or number, given by the relevant extending agency (if applicable)

No answer provided.

Title
Enter the Programme/Project title, and sub-title if applicable.

Aménagement des Petits Permis Forestier Gabonais

Role of the Organization(s) in the Programme/Project
Indicate the role of the reporting entity(ies) in the Programme/Project (e.g. funding agency, implementing agency, etc.)

Recipient

Civil Society Organizations (CSOs) and Science & Technology Institutions (STIs)
Question marked as 'Skipped'.
Enter the name(s) of Civil Society Organizations (CSOs), including Non-Governmental Organizations, research institutions and/or Science and Technology Institutions (STIs) involved in the Programme/Project. Note: This information should be taken into account in the computation of performance indicator no. CONS-O-3.

No answer provided.

Beneficiary Country(ies) or Sub Region(s)
Enter the name of the country(ies), subregion(s) and/or region(s) benefiting from the Programme/Project. Indicate “Global” in the absence of a specific geographical focus

- Africa
- Central Africa
- Gabon
### Target area size/administrative unit

**Area Size**
Indicate the total area expressed in number of hectares

3000000 hectares

**Administrative Unit**
Indicate the administrative unit targeted in the project area, if known, by the Programme/Project.

Quelques exploitants forestiers

### Target Group

*No answer provided.*

### Beneficiaries

Enter the total number of people benefitting from the Programme/Project, if known.

1500000

### Start date

Indicate the date at which the Programme/Project started or is due to start, if known.

2007-06-11

### Completion date

Indicate the date at which the Programme/Project was completed or is due to be completed, if known.

2012-12-10

### Status

Indicate the status of the Programme/Project at the time of completing this form.

Programme/Project Components

No answer provided.

Relevant Activity Code(s) (RACs)

Indicate all RACs that may apply to the Programme/Project (refer to the RACs guidance note for more information, examples and instructions).

- 5 Emergency Response
- 5.6 Population Health/Relocation/Rescue
- 5.7 Reconstruction of Water Management Systems and Infrastructure
- 4 Mitigation and Recovery
- 4.1 Mitigation/Recovery
- 4.1.4 Waste Management
- 4.1.5 Wastewater Management
- 4.1.3 Environment Restoration

Expected or achieved results

Provide information on the results achieved or expected from the implementation of the Programme/Project.

- améliorer le cadre de vie des populations en le milieu urbain à travers :
  - la lutte contre l'insalubrité dans les quartiers sous-intégrés;
  - la création d'emplois dans la pré-collecte des déchets ménagers;

Sources of information

Question marked as ‘Skipped’.

Specify the sources used to extract the information provided above. You may also upload relevant documents.

No answer provided.

Programme/Project #20 — Production Durable du manioc en Afrique Centrale et intégration au marché

Reporting entity(ies)
Enter the full name and acronym of the reporting entity(ies)

No answer provided.

Other

- Gabon
  Institut de Recherche en Agronomie Forestière

Identification code
Question marked as ‘Skipped’.

Enter the Programme/Project identification code (ID) or number, given by the relevant extending agency (if applicable)

No answer provided.

Title
Enter the Programme/Project title, and sub-title if applicable.

Production Durable du manioc en Afrique Centrale et intégration au marché
Projet régional FSTP Manioc PRSAC-CEMAC

Role of the Organization(s) in the Programme/Project
Indicate the role of the reporting entity(ies) in the Programme/Project (e.g. funding agency, implementing agency, etc.)

Recipient

Civil Society Organizations (CSOs) and Science & Technology Institutions (STIs)
Enter the name(s) of Civil Society Organizations (CSOs), including Non-Governmental Organizations, research institutions and/or Science and Technology Institutions (STIs) involved in the Programme/Project. Note: This information should be taken into account in the computation of performance indicator no. CONS-O-3.

- Institut de Recherche en Agronomie Forestière

Beneficiary Country(ies) or Sub Region(s)
Enter the name of the country(ies), subregion(s) and/or region(s) benefiting from the Programme/Project. Indicate “Global” in the absence of a specific geographical focus

- Africa
- Central Africa
- Cameroon
- Central African Republic
- Chad
- Congo
- Equatorial Guinea
- Gabon

Target area size/administrative unit

Area Size
Indicate the total area expressed in number of hectares

No answer provided.

Administrative Unit
Indicate the administrative unit targeted in the project area, if known, by the Programme/Project.

Estuaire, Haut Ogooué, Woleu Ntem

Target Group

No answer provided.

Beneficiaries

Enter the total number of people benefitting from the Programme/Project, if known.

30000

Start date

Indicate the date at which the Programme/Project started or is due to start, if known.

2011-01-03

Completion date

Indicate the date at which the Programme/Project was completed or is due to be completed, if known.

2016-12-30

Status

Indicate the status of the Programme/Project at the time of completing this form.

Ongoing

Programme/Project co-financing

Question marked as ‘Skipped’.

No answer provided.

Programme/Project co-financing

Sector(s) of intervention

Indicate the sector(s) of intervention as specified in the related documentation, choosing from the list of purpose codes provided in the quick reference guide (ICCD/CRIC(9)/INF.11). The OECD list of purpose codes is also available at the following link: http://www.oecd.org/document/21/0,3343,en_2649_34447_1914325_1_1_1_1,00.html.

- 311 AGRICULTURE
  - 31120 Agricultural development
  - 31130 Agricultural land resources
  - 31161 Food crop production
  - 31163 Livestock
  - 31182 Agricultural research
  - 31192 Plant and post-harvest protection and pest control
  - 31193 Agricultural financial services

Programme/Project Components

No answer provided.

Relevant Activity Code(s) (RACs)

Indicate all RACs that may apply to the Programme/Project (refer to the RACs guidance note for more information, examples and instructions).

- 1 Monitoring and Research
  - 1.1 Monitoring
    - 1.1.1 Indicators
    - 1.1.2 Soil Observations
    - 1.1.3 Weather Forecasting
    - 1.1.4 Financial Tracking
    - 1.1.5 Reporting

Expected or achieved results
Provide information on the results achieved or expected from the implementation of the Programme/Project.

- Augmenter la productivité des systèmes de production à base de plantes à racines et tubercules;
  Améliorer la qualité de conservation post-récolte;
  Diversifier les produits de transformation;
  Favoriser l'organisation de la filière.

Sources of information

Additional Information

The section on additional information is meant to provide an instrument of flexibility in the reporting exercise as well as to enrich the knowledge base of the CRIC on concrete issues faced by affected country Parties and consequently to make more targeted and specific recommendations to the COP. It allows affected country Parties to comment or report upon issues that are not covered elsewhere but that are nevertheless of importance at the national level or within the framework of the implementation of The Strategy and the Convention.

The additional information section allows feedback to be received on the reporting process and on the implementation of NAPs as well as lessons learnt, problems, constraints and bottlenecks faced in terms of human and financial resources. It is also meant to accommodate ad hoc COP requests for reporting on specific topics or new reporting requirements deriving from COP deliberations that may supersede existing ones and imply changes in implementation.

The proposed template for reporting is adjusted to the mandate of affected country Parties within the framework of the Convention, as requested by decision 13/COP.9, paragraph 17.

Reporting process-related issues

Financial resources

Could your country count on sufficient financial resources to meet UNCCD reporting obligations?
Yes

Which options provided by the GEF Financing for Enabling Activities under the UNCCD did your country choose to apply for?
Access through a GEF agency

Amount received (USD)
50000 USD

Did your country experience difficulties in applying for and accessing the GEF funding?
Yes

If yes, describe the difficulties experienced.
Lenteur lors du traitement administratif et financier et procédures assez longues

Provide an estimate of the amount invested from your country’s national budget into the UNCCD reporting process.
40000000 CFA Franc BEAC

Human resources and knowledge

How many people were involved in your country in the UNCCD reporting process?
1000 people

Estimate the total number of person/day dedicated by these persons to the UNCCD reporting process:
70 person/day

Could your country count on sufficient technical and scientific knowledge to meet UNCCD reporting obligations?
Yes

If no, describe the main reasons and the difficulties encountered.
No answer required.

Coordination, participation and consultation

Was coordination with the relevant implementing agencies satisfactory in order to apply for necessary funds?
No answer provided.
Was coordination at the national level with the relevant line ministries satisfactory in order to comprehensively and coherently report?  
Yes

Was a participatory or consultative approach applied to involve all relevant stakeholders in the reporting process?  
No answer provided.

Validation meeting, subregional and regional processes

Was a validation meeting held as a part of the reporting process? 
Yes

Did your country actively cooperate with the entities entrusted with preparing the subregional and regional reports (SRAP / RAP reports)? 
Yes

PRAIS portal

If you are reporting online, did you receive sufficient training on access and utilization of the PRAIS portal? 
No answer provided.

Did you experience difficulties with access and utilization of the PRAIS portal? 
Yes

If you experienced difficulties, identify the reasons.
Rate the level of importance by using a scale from 0 to 5, where 0 is not important at all and 5 is very important.

Accommodation of specific requests within COP decisions

Report on specific COP requests – iterative process on indicators

Decision 13/COP.9, paragraphs 2, 3 and 4, envisages an iterative process to refine the set of performance and impact indicators. As a tool to implement this iterative process, affected country Parties can provide here their suggestions and recommendations for improvement.

Performance indicators

Tick the cells only if you have experienced difficulties in reporting on one, or more, performance indicator(s). Indicate against which of the e-SMART criteria the indicator(s) need(s) to be improved.

Reporting on the implementation of NAP

Which is the percentage of activities included in the NAP that are currently implemented?

1-30%

If you experienced difficulties in NAP implementation (i.e. the percentage is below 30%), provide description of concrete measures being taken or suggestions for measures to be taken to foster NAP implementation:

Une partie significative du PAN est cours de mise en œuvre dans le pays. Les dites activités concernent entre autres les aspects liés à l'information et la formation des acteurs axé sur les baisse de rendement et les pratiques utilisées, non souvent conformes à la gestion durable des terres.

Human resources

Lessons learnt (report on the 2 most important only)

1.
Le pays dispose de ressources humaines disponibles. Aussi l'évaluation nationale des capacités à renforcer (ANCR) nous a permis d'avoir les profils à renforcer.

2.
No answer provided.
Problems, constraints and bottlenecks currently faced by your country (report on the 2 most important only)

1. La duplication des projets sur l’ensemble du pays, notamment dans les zones rurales touchées par les rendements agricoles faibles

2. No answer provided.

Financial resources

Lessons learnt (report on the 2 most important only)

1. Les ressources financières sont disponibles et les projets/programmes sont en cours de mise en oeuvre.

2. Les bailleurs de fonds accompagnent le pays en finançant les projets/programmes retenus

Problems, constraints and bottlenecks currently faced by your country (report on the 2 most important only)

1. La non multiplication des projets pilotes sur l’ensemble du territoire

2. No answer provided.

Any other country-specific issues

Has your country any specific issue to bring to the attention of the Conference of the Parties?

Yes

If yes, please specify under which of the following broad categories it can be classified.

Category

Knowledge management and decision support

Other (specify)

No answer provided.

Narrative description

La démarche à mettre en place profiterait à l’ensemble des experts, des paysans et des travaileurs du domaine agricole.
