NOTE: This indicator has not been tracked yet in GEF projects. As information events are organized during implementation of the projects by the implementing/executing agencies the number and type of events is difficult to track for the GEF Secretariat. The numbers above refer to events that the GEF Secretariat has been invited to/participated in.

Qualitative assessment

Provide any complementary information as needed (e.g. (a) type of events, e.g. workshops, mass media articles, press releases, documentaries, radio/television programmes, and trainings and (b) regarding the implementation of the communication strategy addressing DLDD, activities relating to the United Nations Decade for Deserts and the Fight Against Desertification, etc.):

Qualitative assessment

Are GEF projects supporting initiatives to increase the participation of CSOs and STIs in DLDD-related programmes and projects?

Yes

No

Provide a short description of supporting activities funded through GEF-projects to promote participation by CSOs and STIs in the Convention processes or any other complementary information.

² Involvement of CSOs or STIs is defined as (a) by being an executing partner in GEF projects or (b) by provision of co-financing to the GEF project (all types of co-financing accepted).

³ Such as: PIF templates (a) Part I: List of Other Executing Partners; (b) Table C: Co-financing Partners (all types of co-financing, cash & in-kind); (c) Approved GEF projects; as contained in the GEF report to the COP.

Operational objective 1: Advocacy, awareness raising and education

Participation of CSOs is promoted through the GEF partnership, which includes a broad CSO network. The CSO network also participates in bi-annual GEF Council meetings. Individual GEF projects include safeguards that promote active CSO participation, which is also a review criteria. Participation of STIs is promoted through encouragement of targeted research in GEF projects, where appropriate.

Provide a short description of supporting activities funded through GEF-projects to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education or any other complementary information.

GEF-project's supporting activities are not specifically targeting the education sector. Most educational activities of CSOs and STIs are conducted as an aspect of introducing Sustainable Land Management practices to smallholders. In this context, mostly local communities and smallholder farmers, in particular poor and vulnerable strata are supported.
